

# Thinking Differently in Haemophilia: Gene Therapy Hub-and-Spoke Model

EAHAD 2022 Satellite Symposium

Tuesday 1 February 2022, 18:00 – 19:00 CET

Join the discussion on *Thinking Differently in Haemophilia: Gene Therapy Hub-and-Spoke Model*. Here, our faculty will discuss the gene therapy hub-and-spoke model focusing on the potential implications for patients and some of the considerations in preparing and managing patients pre- and post-infusion.

**Chair:**  
**Ingrid Pabinger**  
Medical University of Vienna/  
Vienna General Hospital, Austria

## Welcome and Introduction

**Amanda Bok**  
CEO, European Haemophilia Consortium

## The Hub-and-Spoke Model: A Patient Advocacy Perspective

**Johannes Oldenburg**  
University of Bonn, Germany

## Preparing and Treating Patients with Gene Therapy

**Frank Leebeek**  
Erasmus University Medical Centre,  
Netherlands

## Following-up Patients Post-infusion of Gene Therapy

This symposium has been initiated  
and sponsored by
